

Xtreme hygienic scales

unique | safely hygienic | robust

Advantages

- Even easier to clean
- Quick check of cleanliness
- Low profile design
- Built to hygienic design
- Robust construction

Hygiene made easy!

The Höfelmeyer Xtreme has been especially designed for extremely strict cleaning requirements. Wherever aseptic manufacture is important such as in the food and pharmaceutical industry, the Höfelmeyer Xtreme is just right.

The open and extremely low profile design of these compact scales ensure quick, easy and all around hygienic cleaning and checking of hygiene. All types of deposits are avoided by the rounded components used beneath the sheet metal bridge. The integrated overload protection makes the scales even more robust so that you can even lift the scales using its load plate with no problems.

Characteristics

- Compact scales with stand and display unit
- Calibrated version can be delivered (according to German Weights and Measures act – MessEG)
- Electropolished surface
- Hygienic single point weighing cell made of stainless steel, EHEDG-certified, with integrated overload protection
- 4 adjustable feet, levelling mechanism
- 4 adjustable overload protection devices
- Scales protection category: IP 69K
- Stainless steel V2A
- Operating temperature: -10 to +40°C

Options

- Can be combined with the display units HTF200 and HTF300
- V4A stainless steel

Scale ranges	Divisions	Platform sizes in mm	
		320 x 240	400 x 300
1,5/3 kg	0,5/1 g*	■	■
3 kg	1 g	■	■
	0,1 g*	■	■
3/6 kg	1/2 g	■	■
6 kg	2 g	■	■
	0,2 g*	■	■
6/15 kg	2/5 g	■	■
15 kg	5 g	■	■

Special sizes, other weighing ranges and load bearing capacities possible on request.

* marked scale areas and divisions are only suitable for internal measurements as they cannot be supplied calibrated.
