# INDUSTRIAL SCALE

Flexible in use

# INDUSTRIAL SCALE

## ROBUST AND FLEXIBLE

Reliable and resilient: The stable construction of the industrial scale ensures durability and easy handling – even in multi-shift operation. Whether in dry or humid environments: The industrial scale is resistant to moisture, dirt and numerous chemicals, making it ideal for use in a wide range of applications.

### \_ MANY WEIGHING RANGES

With a capacity of 1.5 kg to 150 kg, it enables a wide range of applications, from checking small nominal fill quantities to registering large piece goods.

### \_ MAXIMUM PROTECTION

Integrated overload protection ensures that the scales are protected even in the event of accidental overload.

### \_ HIGH-QUALITY WORKMANSHIP

The cover, frame and weighing cell are made of stainless steel, ensuring longlasting usability.

# TOP 4 BENEFITS

## 1. DURABILITY

With its durable, rustproof stainless steel construction and overload protection, the industrial scale offers optimal conditions for statistical weighing tasks and quality control in demanding production areas.

## 2. VERSATILE RANGE OF APPLICATIONS

The robust design and manufacturing quality allow for a wide variety of locations and applications.

## 3. CUSTOMISABLE

Additional equipment such as roller conveyors, base frames, superstructures or tripods enable even finer adaptation to your process.

## 4. FUTURE-PROOF

In combination with our weighing terminals, the scale offers a wide range of interfaces and software options. From simple weighing to data transmission and centralised recording in your IT system, everything is possible.

## THE SOLUTION FOR YOUR COMPANY

Food

Pharmaceutical

Chemistry

Logistics

Plastics

Recycling

Metal

## OPTIONS AND EXPANSIONS

Base frame

Roller conveyor

# WHY HÖFELMEYER?

## OUR GUARANTEE OF SUCCESS

### From the beginning ...

We don't sell our customers products, but solutions. To do this, we first take a close look at your company and then adapt our scales exactly to your production environment with millimetre precision.

### ... until the end!

We won't leave you on your own, we will help you with process integration and show you ways in which you can make your processes more digital, more productive and more resourceefficient within the scope of your possibilities and with the help of our innovations.

## OUR SERVICES

### ALWAYS THERE FOR YOU

**From comprehensive and customised advice, installation and process integration to commissioning and maintenance:** we are your reliable partner throughout the entire product life cycle – fast, uncomplicated, quality-focused and at eye level.

But that's not all: we are also happy to support you with your third-party products.

**Just get in touch with us!**

**Consulting | Training**  
Our expertise  
for your process

**Remote service**  
Your free  
online support

**Repairs | Maintenance**  
Uncomplicated and  
fast help

**Renting | Leasing**  
A real investment  
alternative

**Calibrations | DAkkS**  
For metrological safety

**Maintenance | Servicing**  
For long-lasting products
